

**Bring hands-on science to
your classroom!**

Handouts and resources included with every workshop.

- Scientists & Engineers
-in-the-Classroom
- Science Workshops for Teachers
- Hands-on, Minds-on Activities

Grade 6 Teacher Workshop!

Air & Aerodynamics + Evidence & Investigation

Date: Wednesday, November 28th

Time: 5:00 – 8:30 pm

Location: Westmount Charter School
2215 Uxbridge Drive NW , Calgary

Cost: \$50 to register for both sessions
\$35 for a single session

**A light dinner, hands-on activities & classroom
resources are provided with workshop registration.
All fees are subsidized thanks to our generous donors.**

Register Online!

Air & Aerodynamics

It's a bird, it's a plane, it's your air & aerodynamics lessons taking off! Join Brian Briggs, a passionate educator and David Fowlow, an engineer and senior flight instructor, as we explore the physics of both air and flight. This dynamic team will share easy ways to explain science concepts and guide us through engaging activities to propel our classrooms into the world of aerodynamics.

Evidence & Investigation

Gather the evidence, follow the clues and solve the mystery! Join Heather Lai, an enthusiastic science teacher with vast experience and Scott Mark, a forensic investigator with the Calgary Police Service, as we take an inside look at crime scene investigation. Explore simple and fun examination tools and techniques that will bring hands-on science into your classroom.
