

**Bring hands-on science to your  
classroom!**

*Handouts and resources included with every workshop.*

- Scientists & Engineers  
-in-the-Classroom
- Science Workshops for Teachers
- Hands-on, Minds-on Activities

## **Grade 5 Teacher Workshop!**

### **Classroom Chemistry + Electricity & Magnetism**

**Date:** Wednesday, October 25th

**Time:** 5:30 – 8:45 pm

**Location:** St. Richard School  
5704 Millwoods Road NW, Edmonton

**Cost:** \$50 to register for both sessions  
\$35 to register for a single session

**Light dinner, hands-on activities & classroom  
resources are provided with workshop registration.**  
*\*All fees are subsidized thanks to our generous donors.*

**Register Online!**

### **Classroom Chemistry**

You don't need to be a mad scientist to get kids excited about chemistry. Join in this unique opportunity to learn from Lucio Gelmini, university professor and chemistry demo extraordinaire. Lucio will share tips and tricks for wow-ing students with simple experiments and you'll leave with ideas and resources that will captivate your class and build their science understanding.

### **Electricity & Magnetism**

Are you ready to shock your students with your knowledge of electricity and magnetism? Join Bob Rose, a passionate engineer and experienced educator, who captivates audiences with hands-on gadgets and simple explanations of tricky science concepts. Expand your teaching toolbox through demonstrations and activities that make connections to real-world science.
